Jolly Walker Adventures enjoy everything about the outdoors. What we, as a small Johannesburg-based family business aspire to do, is to share everything about the outdoors with you!

With collectively more than 3000 kilometres of hiking behind us, together with activities such as bungee jumping, zip-lining, spelunking, kloofing and game drives – we are able to offer an experience that would suit your every need.

We will collect you, feed you, hydrate you, take you to your desired destination, educate you, entertain you, re-hydrate you, knock your socks off and return you back to your place of abode. How does that sound?

Whether you want to feel that mountain breeze on your face, be surrounded by the smells of the forest or enjoy the African wildlife ... we offer it all!!!

At Jolly Walker Adventures, we understand that everybody works extremely hard for a living. We have sought out activities and programs for companies wishing to bring their teams together both in the work place and 'out in the field'. The offerings we put together will entrench the employer/employee relationship, all in open, free of boundaries, natural settings.

With us, you and your company will go on a fun and exciting journey with activities that are professionally designed to cater for all age groups and abilities. Our objective is to provide the means to create a holistic synergy between the team members without the structure of the boardroom. Having worked in the corporate environment for many years, we understand that meeting your colleagues at a like-minded setting can definitely enhance the working relationship.

We offer anything from one day outings to places such as the Magaliesberg, to weekend outings in private game parks with activities designed around nature, which includes activities such as game drives, a 'bosveld' quiz and enjoyment of the local flora, fauna and cuisine.

Some of the most popular group packages that Jolly Walker Adventures offer include:

- One day / morning hikes with difficulty degrees ranging from easy to moderate. These are specifically suited for the less fit, the young and/or the more senior amongst us. They are designed for walkers to enjoy an outing in the open, taking in all that nature has to offer, including a healthy and sumptuous luncheon.
- Collection from your place of abode and guided through local game parks to view the large variety of Africa's wild life. Some packages include getting to play with and have photo's taken with Lion cubs. Packages include a healthy luncheon, snacks and beverages. You will be returned to your abode at the end of the day.
